CERTIFICATE VALID FROM:

Jul 18, 2018 To Jul 17, 2019

AUDIT SCOPE:

Farmers Choice Melons' farm is identified as Field 4 and conventionally grows 25 acres of watermelons. The field is irrigated by a micro drip system with water sourced from a well on the north side of the property. Planting of the watermelons started on April 3, 2018. First harvest of the watermelons started on 6/12/18. Nobody was in the field working at the time of the audit. One portable toilet was in the field available for the workers. Roads run along the west and north sides of the field, with crops grown on the south side.. There is an electric fence that runs along the east diagonal but there were no animals grazing on the opposite side of the fence.
