AUDIT TYPE:

Announced Audit

AUDIT EXECUTIVE SUMMARY:

The scope of this audit is the Fort Pierce packing facility and associated documentation of Atlantic Produce, which receives, sorts, washes, packs, stores and ships peppers, squash, cucumbers, eggplant, and receives, sorts, packs, stores and ships watermelon and cabbage, in a semi-enclosed 13000 sqft facility comprised of an open and covered production area and an enclosed and cooled product and packaging storage area. Product is received from field transport vehicles (bins on flatbeds) at the start of a wash line and immediately transferred to a conveyor belt, which directs the product to a wash step with PAA treated water, then to a rotating inspection belt from where employees sort and pack product in cardboard boxes placed on pallets. Loaded boxes on pallets are moved to temporary storage areas by forklifts. 20 employees were present in the packing facility, washing green peppers and packing product in 25 and 45 ct. boxes as well as 36 ct. DRCs. No CCPs were associated with the observed processes.

Addendum(s)/Module(s) included in the audit:

Not Applicable

Product information for each product			
Product Group/Product Name	Observed Product	Seasonality	Country of destination for product
Bell Peppers	Observed on the day of audit	From: April To: May	United States
