We hope this letter finds you well. At Journies Inc., we are committed to providing you with the best possible services and continuously evolving to meet your needs. Today, we are thrilled to announce two significant updates that we believe will enhance the support and assistance we offer to our clients.

Welcoming a New Team Member:

First and foremost, we are delighted to introduce the newest member of our team, Emily Leys. Emily comes to us with a Bachelor's degree in Criminal Justice and a Certified Alcohol and Drug Counselor (CADC) certification, Emily has dedicated an impressive 22 years to the field of criminal justice. For the past seven years, she has served as a certified alcohol and drug counselor, demonstrating her commitment to making a positive impact on individuals' lives. We are confident that her expertise will contribute significantly to the high-quality service you have come to expect from Journies Inc. Please join us in welcoming Emily Leys to our family.

Introduction of New Services:

In our ongoing effort to expand our services and better cater to your client's needs, we are excited to introduce three new offerings:

Drivers License Reinstatement Assessments:

- Our team will now provide comprehensive assessments to support individuals in the process of reinstating their driver's licenses. We understand the importance of mobility, and we are here to assist every step of the way. The state requires complete abstinence from alcohol and drugs including marijuana. Drug testing

and active involvement in a structured support group like the Relapse Prevention Group here at Journies Inc. is recommended. We help individuals understand the nuances involved and provide tips for a successful voyage toward reinstating a driver's license in Michigan.

- Drug testing services are available for DLAD clients.

Retail Fraud Group:

- One day group for first offenders, eight sessions for habitual offenders (or four one-on-one sessions will be offered if the class does not reach its full capacity).
- Recognizing the challenges individuals face in this sector, our new Retail Fraud Group is dedicated to addressing issues related to retail fraud, larceny, embezzlement, and the like. This service aims to intercede and support those personal challenges in this context.

Substance Abuse Assaultive Behavior (Anger Management):

- Crossroads group plus four one-on-one sessions in anger management.
- Journies Inc. is committed to addressing the complexities of substance abuse and its impact on assaultive behavior. Our team is equipped to provide specialized support and interventions such as anger management for individuals dealing with these challenges and charges related to such behavior.

We believe that these new services will complement our existing offerings and further demonstrate our dedication to your well-being. As always, our priority is to assist you on your unique journey toward positive outcomes.

Should you have any questions or require additional information about these new services, please do not hesitate to reach out to our team. We look forward to continuing to serve you and are excited about the positive impact these updates will bring to our community.
