

# Bathroom & Hygiene

Novis offers an extensive range of bathroom and hygiene equipment designed to help maintain a user's bathing and hygiene routines. With a focus on function and ergonomics, these products are designed with the both the user and carer in mind. Specific consideration is given to maintaining the dignity of both the carer and user when providing assistance.

- ❑ Mobile Shower Commodes
- ❑ Commodes and Toileting Aids
- ❑ Shower Chairs and Stools
- ❑ Bath Seats
- ❑ Bath Boards
- ❑ Safety Equipment

Personal hygiene has social and physiological benefits that support a user's wellbeing. Aside from basic personal hygiene, showering provides an opportunity to encourage client independence, self-esteem and skills use.

Showering and personal hygiene routines can provide challenges for clients and carers depending on the client's individual requirements. It is important to ensure this process is carried out safely and the comfort of the client is reassured at all times.

### Selection Criteria

The following areas need to be considered when selecting products used in showering and personal hygiene routines:

- ▣ Range of mobility
- ▣ Level of assistance required
- ▣ Comorbidities
- ▣ Skin integrity

### Commodes

To improve toilet safety, a mobile shower commode can be used to prevent falls during showering and toileting.

These multi-functional products can be adapted to a user's needs and environment.

Novis carries a range of commodes, bathroom and toileting aids to encourage safe hygiene practice for everyone.

### Toileting Aids

Ideal for enabling independence and increasing safety in the bathroom, toileting aids provide assistance for users with a range of mobility or strength issues.

Toilet seat raisers are ideal for users who require assistance when transferring on and off the toilet. Incorporated arm supports provide stability and safety.

### Shower and Bath Aids

Shower and Bath Aids are designed to assist in personal hygiene and independence. With a focus on falls prevention, these innovative designs emphasise ergonomics and safety to provide support where needed.

*Everyone should be able to live a free and independent life and pursue their dreams regardless of any physical circumstances*

Etac is renowned for its elegant yet highly functional range of hygiene products, designed for maximum safety and user comfort. With careful consideration for people with reduced mobility or reduced cognitive function, Etac offers a wide range of ergonomic bathroom solutions designed to make life easy for users and carers alike, while helping to maintain the dignity of daily hygiene routines.

With a focus on design and innovation, Etac use the highest quality materials and manufacturing processes to develop product solutions that are built to last. They back this ethos with an industry leading 5 year warranty that is reflected in the quality of products produced.

Every detail is designed for safety and to ensure products meet rigorous testing and regulatory standards worldwide.

A team of industrial designers, clinical experts and industry leaders deliver strength and competitive edge through a proven synergy of pioneering product design, excellence in service and a true understanding of end user needs.

Characteristic design features have resulted in ergonomic design and quality that is unique in the market and offer unrivalled benefits over competitor products.

### Three decades of winning design

Etac's process of working closely with established designers, rehabilitation professionals and end users has resulted in a unique range that is unrivalled in terms of ergonomic design and functional quality. As evidence, they have received numerous Swedish and international design awards over the past three decades – and their products continue to surpass most competitors as the number one best selling product in their category\*.

# The Clean Range

The next generation of mobile shower commodes, the Etac Clean range is comfortable, secure and easy to use. Developed for practical functionality, every detail of the commode chair is designed to make the situation easier for clients and carers.

Offering a solution for any situation, the Clean range consists of:

- Clean for general purpose use
- Clean Height Adjustable for optimal fit over any toilet
- Clean Self Propelled for clients who can propel themselves

## Slim but Roomy

The smart design gives Etac Clean a large and comfortable seating area even though the chair is neat and slim.

## Fits over Toilet

Thanks to the upright operating handle, the chair is a perfect fit, even over wall-mounted toilets.

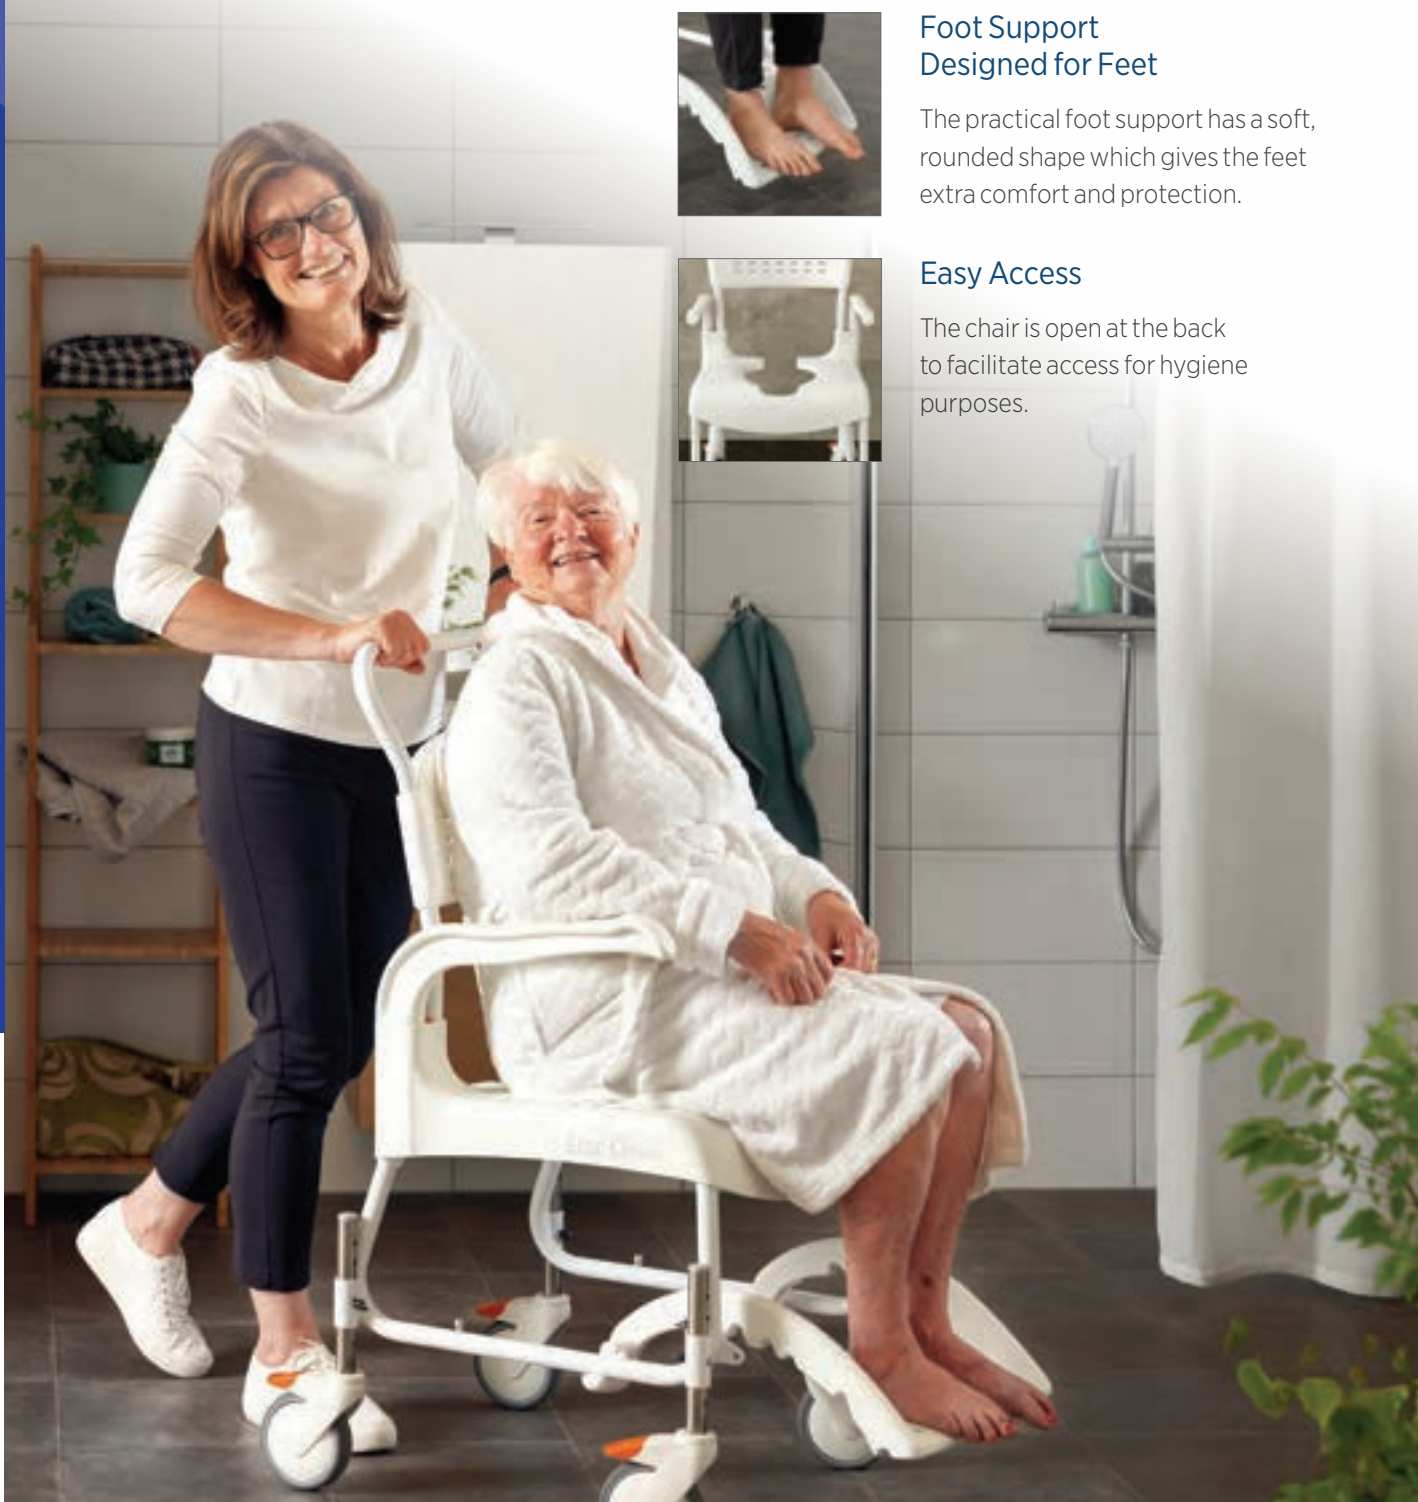

## Foot Support Designed for Feet

The practical foot support has a soft, rounded shape which gives the feet extra comfort and protection.

## Easy Access

The chair is open at the back to facilitate access for hygiene purposes.

# The Swift Mobil-2 Range

The Swift Mobil-2 from Etac offers greater versatility and support whilst providing maximum comfort for both carers and users. Designed with several smart functions for simplicity and comfort, the range can be adapted to suit varying user needs.

Offering a range of solutions, the Swift Mobil-2 range consists of:

- ❑ Swift Mobil-2 for general purpose use
- ❑ Swift Mobil-2 Self Propelled for clients who can propel themselves
- ❑ XL Back variants to suit larger clients
- ❑ Swift Mobil-2 Tilt, designed for clients with higher needs

A large range of accessories is available for customised use across the range.

## Adjustable Back Support

The back support can be adjusted using velcro straps.

## Easy Height Adjustment

Swift Mobil-2 can be adjusted to different fixed seat heights. It is easily done from both sides without using tools.

## Foldable Arm Supports

The arm supports fold up to facilitate side transfer and are height and width adjustable to adapt to user requirements.

## Ergonomic Foot Supports

The gently curved foot support ensures comfort and stability.

## Maintain Close Contact During the Tilting Process

The unique tilt function enables an ergonomically correct working position for the carer who is able to maintain eye contact with the care recipient (Mobil-2 Tilt Models Only).

## Etac Swift Mobil-2

- Fully height adjustable from 450 – 600 mm seat height (at 20 mm intervals)
- Soft, adjustable, non-stick, quick drying nylon back support
- Seat and back support easily detachable for cleaning or storage
- Swing away arm and foot supports
- Curved foot supports with side heel protection
