

# LASH CARE

*aftercare*

A fresh, full set of eyelash extensions can change your life!

You'll probably find yourself addicted after your first set,  
so it's never too early to learn how to look after them.

KEEP DRY FOR  
24 HOURS

CLEAN AND  
BRUSH DAILY

DO NOT SLEEP  
FACE DOWN

USE OIL FREE  
PRODUCTS

AVOID MASCARA

DO NOT CURL  
LASHES

DO NOT PICK  
OR PULL LASHES

SCHEDULE FILLS  
EVERY 2-3 WEEKS

## How Do I Clean My Eyelash Extensions?

Using a soft bristle brush and specialist eyelash extension cleaning foam or any oil free cleanser, clean approximately every 2-3 days.

Getting into this habit removes traces of natural oils, dust, and make-up. This prevents any build-ups causing pressure on your lashes and breaking down the bond. Ultimately, you need to clean clean clean to avoid premature lash shedding.
