A FARM BOY TRANSFORMS INTO A US SPY

Hard Cover with Dust Jacket
8.5"L x 5.5"W x 1.5"H
11lb 7.9oz / 392 Pages

Secrets. Betrayal. Ambition. Based on a true story, *Isla Vulnerable* is a cinematic piece that shares the journey of a poor farm boy named Victor Gomez, who transforms into a US spy while falling for emerging New York actress Sarita Rodriguez at the height of the Cuban revolution.

First written as a screenplay, the book delivers the edge-of-your-seat pacing of *Jack Ryan* with telenova-style high-stakes drama, perfect for fans of historical and political thrillers, international spy mysteries, biographies and documentaries, government conspiracies, and romantic novels.
