

## Twin Pillars : Home In & Home Out

**A sense of home & physical shelter: twin pillars for successful recovery and integration after violence or displacement**

1.5% of the world's population is displaced due to conflict and disaster. Washington DC saw a 12% increase in homelessness from 2023-2024. **How can we innovate better shelter solutions?** Is there a better way? One in four lives are impacted by violent conflict worldwide--hindering our community stability & our individual pursuit of livelihood. What nontraditional avenues toward wellbeing exist for survivors, veterans, and their families? **How can we empower wholistic integration for those impacted by militarized violence?**
