

22 May 2025: TNT Outage 21-22 May 2025 – Resolved

22 May 2025, 1:01PM

TNT have advised that their system is now up and running again. We've conducted a few tests and confirmed that we are able to book shipments. Thank you for your patience.

For any questions or concerns please contact your dedicated freight consultant.

22 May 2025, 11:07AM

We've been advised by TNT that they are currently experiencing ongoing API issues, which initially began last night. This affects their direct website and all other third-party platforms connected with them.

Although a resolution was implemented at the time, the issues have unfortunately reoccurred today. TNT has confirmed that this matter is being treated as a top priority, and they are actively investigating the cause. We will continue to share updates with you as they become available throughout the day.

Thank you for your patience and understanding, for any questions or concerns please contact your dedicated freight consultant.
