

GENUINE GESTURES  
PERSONALISED POETRY

## What is Genuine Gestures?

Genuine Gestures is a service providing personalised poetry as a gift from you to a loved one, family member, friend or associate of any kind, it is a message formed through a poem and poetry speaks volumes when getting a message across!

Create a gift using your message or include one as part of your speech  
People send messages all the time, happy birthday, congratulations, good luck, condolences. Make your message stand out, make it personal. Send it as a poem that will be heartfelt and cherished for many years to come. Whether kept in a frame or a keepsake box, it will never lose that genuine gesture it was sent with.

## Deliver the perfect speech

If you are publicly speaking about a subject, capture your audience with a topic related poem that will demand their attention and increase the interest in you as a Public Speaker. Make it interesting, make it special.

## The process

The process is simple. I would just need as much or as little detail as you'd like to give to get started. This can be submitted using the form below or you can call into the shop for that more personal experience. An average poem can take up to a week to complete and I may contact you for further information or to share ideas but ultimately the message comes from you,,, I will simply make it as powerful as it can be!

## Capture Form

The Capture Form is a simple way to extract from you the exact message, personal touches and captions that you want to send through your poem. It can be downloaded from the website and sent electronically to the email address below or for a more personal service we can arrange a telephone appointment, or you can visit the shop.

Use this form as a guide to think about what you would like to include in your poem, then fill it out and return to me so I can make a start
