

Buckhorn POA Fuel Cost Recovery Request Form

This form is designed for those who donate the use of their motorized equipment (gas or diesel) for the soul purpose of improving, maintaining or helping the Buckhorn POA. It allows the association to have work done at a significantly reduced cost (a cost that cannot be obtained by the use of conventional contractors). It is a request form and NOT a guaranteed form of payment or reimbursement. It is NOT a contract between the Buckhorn POA and the donating party. It assumes NO responsibility for damage to the equipment that is being used in the donation. It simply takes the fuel cost burden off the person who is donating their time and the use of their equipment. It will be submitted to the Road Committee Chairman or POA President who will in turn submit it to the Board of Directors for final approval or denial. **PLEASE NOTE: ALL requests must be submitted within 30 days of completion of work.**

The following to be filled out by the donating/requesting party.
