*Inventor, Greg Lambrecht was inspired to create Coravin when his wife became pregnant.*

*After falling in love with wine as a young man, Greg amassed a small collection of fine wines and found himself temporarily without a partner to share them with. This motivated him to find a solution that would allow him to drink his favourite wines by the glass, without the rest of the bottle falling victim to oxidation.*

*Leveraging his background in medicine and medical devices, Greg created a pouring system that uses a thin, hollow needle, allowing the drinker to pierce the cork and pour a controlled amount.*

*Argon gas is pumped into the bottle, replacing the wine and forcing a steady stream of liquid through the needle. Once removed, the cork naturally reseals over the small puncture hole, preventing oxidation.*

*Here at Coast, we are happy to offer a small, yet ever-changing, selection of premium wines by the glass.*

*We work closely with the producers and suppliers to ensure we have some particularly small batch wines available to share with you.*

*If you have any questions about these particularly special wines, please speak with the Sommelier or your server.*

PREMIUM WINES BY THE GLASS 

---

150ML / 750ML

**2021 Howard Vineyard 'Amos'** - Adelaide Hills, SA

**30/135**

*Chardonnay with an incredibly rich mouthfeel, Malolactic fermentation and constant lees stirring creates this plush and generous style of chardonnay.*

**2019 Domaine Jean Dauvissat Chablis 1er Cru Fourchaumes** - Chablis, France **60/260**

*This Chablis expresses an elegant nose of fine fruit, green apple and white flowers. Crisp and lean with the quintessential minerality. Long finish.*

**2020 Domaines Ott Château Romassan Bandol Rosé** - Provence, France. **45/200**

*The nose is fresh and fruity with hints of peach and grapefruit. After aeration, aromas of white flesh fruits start to emerge and are set off by some fine spicy notes.*

**2020 Domaine Roux Santenay Premier Cru Beaurepaire** - Burgundy, France. **65/290**

*The bouquet of this Pinot Noir evokes rose-petals, violet, red fruits and a hint of liquorice. In the mouth, the attack is deep and intense. Firm but discreet tannins make for a body that is supple, fine-textured and well-built.*

**2020 Henschke Keyneton Euphonium** - Barossa Valley, SA **35/150**

*Cedar, dried berries and plums, hard brown spices and mint all intertwined here, with ripe red-plum, blueberry and gingerbread notes. The palate holds a ripe and dense core of quite dark fruit aromas with a smoothly concentrated finish.*

**2020 Shaw + Smith Balhannah Shiraz** - Adelaide Hills, SA **55/250**

*A complex nose as always with this wine, with fennel seed, spiced plum, and dried sage notes. Strong fruit qualities with very fine, delicate tannins that seem to last forever.*

<b>2021 Cullen 'Fume' Sauvignon Blanc</b> 	Margaret River, WA	83

*Created by the acclaimed Cullen Vineyards, this version of sauvignon blanc has seen oak for 3 months giving it a rich, textural and satisfying mouth feel, closely followed by the famed acid and zesty fruit that sauvignon blanc is famous for. Fresh cut grass, lime and vanilla shine out of the glass. Previously discontinued, chief winemaker and family member Vanya Cullen decided this was too special not to share with the world again.*

<b>2022 Riesling Freak 'No.4'</b>	Eden Valley, SA	75
<b>2023 Torzi Mathews 'Frost Dodger'</b> 	Eden Valley, SA	80

*Dominic Torzi has a reputation for producing some of the best value wines on the market, and his Frost Dodger Riesling certainly stays true to that. Grown in a frost prone area of the Eden Valley, the yields are kept low due to the inevitable frosts; producing amazing quality of fruit. This Riesling offers classic lime flavours coupled with white stone fruits and floral notes, along with bright acid and a lingering finish. I definitely get fresh lemon and tonic vibes with this one.*

*Truly bringing the grape to life, this wine screams of white blossoms and lemon curd with an extremely satisfying mouthfeel helped by the careful secondary malolactic fermentation. Extra-fine grain french oak lends itself to a beautifully rich textured wine. Handpicked by Winemaker Tom and accompanied by his loyal vineyard border collie Felix, this chardonnay is the ultimate expression of careful production methods coupled with plenty of experience.*

*Pecorino (not to be mistaken for the cheese) is a very old Italian variety generally found in the Marche and Abruzzo Regions. (Central East) Getting its name from "Pecora" meaning sheep in Italian, this early ripening variety is a favourite of the local sheep population. It has an alluring aroma of tropical fruit and apricot marmalade, but coupled with a slight salinity on the palate making this wine a crowd favourite and perfect for seafood.*

*Ruby red in colour, this wine is a fantastic example of the famed Alicante Grape. Grown by our friends at Rockford in the beautiful Barossa. Because the flesh of this distinctive variety is bright red in colour, this wine doesn't see any skins and instead is pressed, naturally fermented and bottled - ready to enjoy right away. *After visiting the deep depths of the Yalumba Museum, buried underground in re-purposed concrete wine aging vats, I was enamoured by the care and attention that winemaker Heather Fraser has taken to bring to life this beautiful expression of Coonawarra Cabernet Sauvignon. Bursting with rich Cassis, Violets and the recognisable "Sea-Spray" aroma that the region is so well known for. This vintage had lower than average rainfall which concentrated the fruit intensity and increased how quaffable this juice is.*

*The name Utopos comes from the word utopia meaning "a perfect place". This is what the famous Kym Teusner was convinced he had found when he convinced his mate Neil to buy a vineyard in the Barossa. It would be easy to showcase a Shiraz, but since the Barossa is home to the oldest Grenache vines in the world this seemed only right. Showing extreme power with delicacy is hard thing to do, but this wine exhibits that perfectly with its red fruit and juicy plum characteristics, coupled with its sensational acid line.*
