

MANDATORY COVID-19 EVENT CHECK IN

The **Event Check In** tool allows registered guardians (on behalf of youth participants) to complete a series of screening questions for in progress or upcoming events scheduled on that day in the system. It is available on the *PowerUp Connect mobile app*, as well as on m.powerupsports.com. Following completion of the questions, the member is presented with a notification indicating success or failure of the check in, which they can then display to the club staff/volunteers responsible for checking in players.
