## ABOUT US

After retiring early from our professional careers we realized there were seniors, busy parents, professionals on the go, people rehabilitating at home and others that could benefit from our combined experience and skill set. So we started Let Us Do That in 2012 to provide personal assistant services from competent people you can trust. What sets us apart is our experience, skill set, integrity, and relationship with our customers. We are fully insured, local, privately owned and have many great customer references.

*"Especially being handicapped, it's very nice having someone I can rely on to help me filter through paper work and understand doctor's instructions. You are always prompt and get me to my destination on time."*

*—Frances Carmody*

## COMMITMENT

We give you peace of mind it will get done, and done right. While we can support one-time requests, our focus is on developing trustworthy relationships and serving clients that need our services on an ongoing basis. We understand things come up quickly and your schedule can change often. In general, we need 12 hours notice to help you out, but we can also be flexible as long as we are available.

*"Our time with our family is precious, and the last thing we want to do is spend it running errands. Let Us Do That has taken burdensome tasks off our lists and freed up our days to do what we want."*

*—Benita Riley*
