PULSE

VOLUME 1 ISSUE 1 A TRADE MAGAZINE FOR THE CANADIAN ADULT RETAIL INDUSTRY FEBRUARY 2024

Customer Satisfaction I doubt there is anyone out there deliberately trying to provide bad customer service. After all, without our customers, we wouldn't be in business. Though pleasing them 100% of the time is aspirational, by paying close attention to their needs, you can get close.	Sex Machines It's no secret that sex toys are more mainstream than ever, but some product categories still leave shoppers feeling intimidated — or even shocked — because of their sheer power. One of those categories is the ride-on sex machine.	Marketing Strategies We're all familiar with the age-old question, "If a tree falls in a forest and no one is around to hear it, does it make a sound?" When it comes to running a business, we might ask, "If a new product drops into the market and no one knows about it, does it make an impact?"	Ask the Experts Finding the best sex toys for women can be challenging. There's a world of sex toy options out there for clitoral stimulation and penetration toys you can use for insertion and anal play. So you might justifiably wonder, Where do I begin?

Ancient Pleasures:

Believe it or not, sex toys have been around for centuries! The oldest known dildo is believed to be over 28,000 years old, discovered in a German cave.

Medical Beginnings:

In the 19th century, doctors invented vibrators as a medical treatment for "hysteria" in women. These early vibrators were massive and not intended for sexual pleasure, but rather as a way to induce "paroxysms" to relieve symptoms.

Innovation in the Bedroom:

The Hitachi Magic Wand, a popular massager often used as a sex toy, was originally designed in the 1960s as a back massager. It quickly found a new, more intimate purpose.

Space Odyssey:

In 1991, a group of German inventors created the first sex toy to be used in zero gravity. The device, aptly named the "The Dildo Deluxe," was designed for use on the NASA space shuttle.

Eco-Friendly Pleasure:

Today, there is a growing market for eco-friendly sex toys. Manufacturers are using sustainable materials, such as body-safe silicone, bamboo, and recycled plastics, to create environmentally conscious adult products.

Tech-Savvy Joys:

With the rise of technology, sex toys have become increasingly high-tech. Bluetooth-enabled toys can be controlled remotely, and some even sync with music or respond to touch for a more personalized experience.
