#### **Merrill Adams [adamsfamily20@hotmail.com](mailto:adamsfamily20@hotmail.com)**

My wife Bonnie (a founding member of Feat of Clay Art Gallery) and I have been Aztec residents since 2001. My education background includes undergraduate degrees in Premedical Studies and Business and Organizational Management from The Citadel and the University of Scranton, respectively. I then completed a Ph.D. in Medical Physiology at The Medical University of South Carolina. After teaching health science courses fulltime from 2000 to 2008 I took on administrative duties as Dean of the School of Math, Science and Engineering from 2008 to 2013 and Dean of the School of Business and Information Technology Services from 2010 to 2013. In 2013 I returned to fulltime teaching until retirement in 2018. I previously served on several Aztec city organizations including the Chamber of Commerce, Aztec Museum Board, and the former Planning and Zoning Board. Because of my administrative duties at San Juan College, I was unable to continue as a member of these organizations; however, since retiring from fulltime teaching I would like to get reinvolved in the planning and growth of Aztec's future.
