Subject: REMINDER of Inspection Report Coming Due
Permit No: 44018062.000
Project Name: North River Ranch Path

A condition of your permit requires that you submit an inspection report to the District in accordance with a specific schedule. This inspection report is due on March 27, 2019. This letter was generated to remind you of this requirement in sufficient time for you to complete the inspection and submit the report to the District by the due date.

Inspection reports provide assurance to the District that the surface water management system is properly operated and maintained. The inspection report must include the District form "Statement of Inspection for Proper Operation and Maintenance" available at http://www.swfwmd.state.fl.us/files/database/site_file_sets/18/04.10R-023.pdf. The form must be certified by a Florida registered Professional Engineer.

Information can be submitted online using eCompliance by visiting the District's Environmental Resource Permitting System in ePermitting located on the District's website at <http://WaterMatters.org/LogInERP> . If you do not have an account you can sign up by clicking the "Register Now" button.

If any maintenance procedures or remedial actions are necessary prior to submittal of the certified District form, please advise the District in writing. The inspection report must be submitted to the District by the date above.

If you have already complied with this requirement, please notify us so we can update our customer records. If you have questions, please contact the Brooksville Service Office at (352) 796-7211 or (800) 423-1476 (FL only).
