

2028 I Believe in We Life Programs

*Center in Learning, Real-World Experience
"For the Betterment of Society"*

I. Purpose of this Certification Portfolio

The purpose of this portfolio is to secure workforce employment based entirely on real-world knowledge, practical learning, and daily experience in employment contexts. Attached within this document are the comprehensive work records, foundational skills, and prior knowledge generated through the **2028 I Believe in We Non-Traditional Degree** program. This body of work stands as transparent demonstration of operational competency, specialized skill mastery, and immediate readiness for workplace placement.

II. Core Framework & Declarations

- **The Mission:** 2028 We are Home for less, not homeless. This framework reframes housing security, centering human dignity, community support networks, and practical economic mobility.
- **Campaign Context:** Grounded in the platform of 2028 F.E.C. Presidential Candidate Dr. Dr. Trenita Walker, *I Believe in WE* Campaign. This certification serves as a direct pathway for supporters to bridge civic actions into traditional career environments.

III. Constitutional Foundation for the Welfare of Society

This program aligns its primary mission with the foundational governance principles outlined in the Preamble to the United States Constitution:

*"We the People of the United States, in Order to form a more perfect Union, establish Justice, insure domestic Tranquility, provide for the common defence, **promote the general Welfare**, and secure the Blessings of Liberty to ourselves and our Posterity..."*

The "Promote the General Welfare" Framework

The Constitution establishes that a core objective of the American community is to elevate, safeguard, and promote the general welfare of all its citizens. True societal welfare relies on practical support, training, and opportunity. By shifting the perspective from "homeless" to "*Home for less*," the *2028 I Believe in We Life Programs* provide an active framework to build real-world capabilities and financial independence.

IV. Certified Core Competencies

The following skills represent verified operational proficiencies held by program supporters and are ready to be deployed immediately in the workforce:

- **Administration & Office Management:** Experience organizing project data, handling communication logs, structuring daily operational schedules, and coordinating administrative tasks.
- **Dining, Hospitality & Food Logistics:** Operational knowledge of customer service protocols, kitchen or dining room organization, inventory coordination, and event setup logistics.

- **Cleaning, Maintenance & Facilities Operations:** Familiarity with safety standards, large-scale facility maintenance workflows, environmental services (EVS) guidelines, and logistical organization.
- **Art & Creative Coordination:** Skills in design layout, art-focused programming, community creative events, and visual message development.

V. Official Campaign Certification

This certifies that the holder of this portfolio has successfully completed the required field assignments, practical learning objectives, and competency reviews established under the *2028 I Believe in WE* platform.

Issued By:
