PRIVACY NOTICE

Transport Canada (TC) is committed to protecting the privacy rights of individuals and safeguarding the personal information under its control. "Personal information" is defined as any information, in any form, about an identifiable individual; refer to section 3 of the Privacy Act for further details regarding personal information. Personal information collected by TC is protected from disclosure to unauthorized persons and/or agencies subject to the provisions of the Privacy Act. Individuals have the right to the protection of and access to their personal information and to request corrections where the individual believes there is an error or omission. Individuals may contact the Department's Access to Information and Privacy Protection Division to request corrections. The information requested is required by TC for the purpose of administering the Canadian Civil Aircraft Registry. The personal information is stored in the Canadian Civil Aircraft Register which includes the name and address of each registered owner. Personal Information is also used by the Canadian Civil Aircraft Register Computer System-Evolution (CCARCS-E), a live database that supports several mailings from various divisions of Transport Canada. The collection and disclosure of personal information is done under the authority of *Aeronautics Act*, pursuant to subsections 202.02, 202.16, 202.35, 202.51, 202.52, 202.57 and 203.03 of the Canadian Aviation Regulations (CARs). Information will also be disclosed to foreign aviation authorities to fulfill the obligation under Article 21 of the Chicago Convention underlying the International Civil Aviation Organization (ICAO). Information in the Canadian Civil Aircraft Register, such as the names and addresses of registered aircraft owners, is accessible by the general public. Personal information is used by and linked to other Civil Aviation databases such as the National Aeronautical Product Approval System (NAPA), the Continuing Airworthiness Web Information System (CAWIS), the National Aviation Company Information System (NACIS), the Enforcement Management System (EMS), and the Civil Aviation Daily Occurrence Reporting System (CADORS), in order to populate, within each respective database, information relating to the registration and licensing of aircraft. Personal information will be protected under the provisions of the Privacy Act and is described in TC's Personal Information Bank number TC PPU 010, which is detailed in TC Info Source Chapter at www.tc.gc.ca. Individuals have the right to file a complaint with the Privacy Commissioner of Canada regarding the institution's handling of their personal information.
