

The Nolensville Historical Society is proud to announce that we have been selected as a 2023 and 2024 Americana Corner Preserving America Grant Program recipient!

The program was established to assist non-profit organizations like NHS in telling the incredible

story of America from its founding era through its first century as a nation.

Grant funds will be used to help restore the Morton-Brittain House which was originally built in 1870 as a two-story home. Although a tornado in early 1900 felt she should become a one-level home, we can see evidence of her second story throughout the renovation process.

Please visit [Americanacorner.com](https://americanacorner.com) for details.

Thank you, Tom Hand, for your vision preserving America's history as this in turn helps us preserve Nolensville's history.

Did you know...the Nolensville Historic School land was purchased from the Brittain family in the mid 1930's by the community of that time, raising funds for the county to purchase the land?

The community raised funds for the land, and the county paid for the school to be built!
