NEW BUSINESS:
Survey  Everything is closed due to lockdown orders. This is on hold.
New Signature Card at Bank: Leslie and Linda have signed. Tim will stop by the bank soon to sign.
SBA Loan We were approved! Due to the loan approval, we are looking into withdrawing our request for additional funds for mandated library staff salary increases.

OTHER BUSINESS
Space Needs Initiative to Public report – Jan: On hold until we open up. We have parties interested in the fate of the Historical Society. We will have a meeting in the future.
Waiver: Should we develop a waiver for employees to sign so no one holds the library responsible for catching coronavirus? Linda is looking at all the options to keep our staff safe. She is buying masks and hand sanitizer. She is considering a plastic curtain between staff and patrons at front desk, or other barrier. Our barcode reader can be used without touching it. We might set it up for self checkout. How will we keep patrons safe, especially for those that tend to stay in the library for hours? We should explore virtual learning as an option for our patrons. Perhaps we could do an intro to the library after coronavirus video. Our decision is to wait and see what develops and refer to OCPL.
Close Community Room? People can use the room if they can social distance 6 feet apart for their activity. We will place a hold on the Blood Drive. We will allow the community room to be open when the library opens up. We will work it out one step at a time.
Other Activities: The Memorial Day Parade is cancelled. Bands can’t even practice at this time to be in the parade. The pool may be closed this summer. Our rummage sale is cancelled. The Fall Festival may also be cancelled. We will prepare as we get more information.
