

**SENSORWORX<sup>®</sup>**

## THE NEW STANDARD IN LIGHTING CONTROLS

Advances in technology have left occupancy sensors behind. Even the basics need rethinking and a fresh perspective. **SENSORWORX** is redefining the technology standard for sensors to make them great again.

## [RE] THINK INSTALLATION

Installation time is money to an electrical contractor... especially when doing retrofit work. We are creating a brand from the ground up with not only performance but installation convenience in mind.

## MADE IN AMERICA

We take pride in our work. We have pride in our team and know that quality requires attention to detail at all levels of the manufacturing process. That is why **SENSORWORX** proudly manufactures lighting controls in the United States.

# NEW TECHNOLOGY

**SENSORWORX** products have been designed utilizing the latest generation of microprocessors. This provides us a solid foundation for our initial lineup of **SENSORWORX** products (below) that utilize advanced digital signal processing techniques to enhance our passive infrared and acoustic occupant detection technologies. This also provides a powerful platform that can support future **SENSORWORX** features.

**WALL SWITCH  
SENSOR**  
SWX-100 SERIES

**CEILING  
SENSOR**  
SWX-200 SERIES

**WIDE VIEW  
SENSOR**  
SWX-400 SERIES

**FIXTURE MOUNT  
SENSOR**  
SWX-500 SERIES

**POWER  
PACK**  
SWX-900 SERIES

## CONTRACTOR FRIENDLY

Prior to designing any product we consult with electricians and contractors to learn their preferences, pain-points, and ideas for a more ideal sensor experience. What results are products with unique mechanical features that add convenience and reduce the amount of labor required for installation.

## WHO IS SENSORWORX?

**SENSORWORX** products are designed, produced, and sold by BLP Technologies, Inc. of Essex, Connecticut. Founded in 2017 by engineers with decades of experience in lighting controls, the team behind **SENSORWORX** has an unmatched resume of bringing high quality and innovative products to the lighting and building control marketplace. With particular expertise in occupancy sensing, BLP Technologies is uniquely qualified to make the **SENSORWORX** brand the new standard of quality and technology excellence.

## VISION STATEMENT

Our vision is to be the company from which customers prefer to purchase lighting controls, to manufacture exclusively in the U.S., and to maintain a brand that is the standard of performance, convenience, and quality.

**SENSORWORX** PRODUCTS ARE PROUDLY  
MADE IN THE USA AT OUR STATE-OF-THE-ART  
ELECTRONICS MANUFACTURING FACILITY  
IN CONNECTICUT.
