

Country in a Can

Project overview

In this project, you will research a country and bring it to life inside a container. Your goal is to show what makes your country unique through facts and creative objects. By the end, your can should feel like a mini museum someone could explore.

Instructions / Directions

- Choose a country (teacher may approve or assign)
- Research important information about your country (culture, geography, food, inventions, traditions, etc.)
- Decorate the outside of your container so it represents your country
- Add note cards inside with facts written in your own words
- Include objects (artifacts) that connect to your country
- Explain each artifact so it is clear why it matters
- Keep everything neat and organized

Criteria

Your work will be graded on research accuracy, connections between artifacts and your country, creativity, effort, and overall quality.

Rubric

Level	Description
A	10+ high-quality facts/artifacts, strong creativity, accurate info, excellent effort
B	At least 8 facts/artifacts, good creativity, mostly accurate, solid effort
C	Fewer than 8 items, basic effort, some unclear or incomplete info
D/F	Incomplete project, little research, minimal effort

Additional notes

You can use real or created items. Be creative, have fun, and make your can something people will want to open and explore.
