

Be The Change

We Need Change.

Over 200+ years of racism and hate is not working.

Using religion as an excuse for racism and hate is not working.

Turning a blind eye to the daily injustices around us is not working.

Every single person in this country, in this world, deserves to be treated with respect and dignity.

We need a revolution in this country.

A revolution of hearts and minds.

We need to elect representatives who believe that the People matter more than corporations.

We need to establish term limits for every public office.

We need to look past the code of Brotherhood when lives are in danger.

I want to be proud to be an American again.

I want my kids to be proud of our country.

We Need to do better.

We Can do better.

The time for Silence and Complacency is over.

Stand up. Stand together.

Speak up. Use our voices to silence the Hate.

Be the Change we need.
