FACILITY DEDICATED — The new Baptist Student Center at Dyersburg State Community College was dedicated April 1 on the Dyersburg campus. The 4500-square-foot facility is the first permanent building for the Dyersburg Baptist Student Union which previously met in various locations on campus. Dyer Association Director of Missions Joe Naylor said the cost of the facility is approximately \$315,000 including furnishings and landscaping. Churches in the association worked to raise \$130,000 while the Tennessee Baptist Convention added about \$200,000, Naylor said. Dyersburg is site of new BSU

Construction of a new Baptist Student Union building at Dyersburg State Community College, Dyersburg, has begun after a recent groundbreaking service at the campus.

By beginning a BSU at DSCC, "We are endeavoring to provide moral and spiritual leadership and make a difference in students lives as they pass through DSCC," said Joe Naylor, director of missions, Dyer Association.

A part-time BSU ministry existed at DSCC, which operated out of campus offices and meeting rooms. A full-time director, Glynda Hall, began Aug. 1.

"We will now have flexibility in developing ongoing ministries for students," said Ircel Harrison, director of the Student Department, Tennessee Baptist Convention.

The 4500 square foot building will cost \$300,000 to build. Two-thirds of the cost will be covered by the TBC and the remainder will be provided by Dyer Association, which has already raised the needed funds. Construction is estimated to take 120 days and will be done by Brasfield Construction, Jackson.

The building will feature a multi-

purpose room for worship, dining, and fellowship; a lounge; a prayer room; offices; a kitchen; and an apartment.

The BSU building will be located near the campus student center, a good location to reach the 1800 students who attend the community college.

"The college, the president, and the local committees and association have been very cooperative in getting the BSU established. The land was declared surplus and the TBC and association were able to purchase it," Harrison said.

Naylor presided over the groundbreaking ceremony. Karen Bowyer, DSCC president welcomed guests, and Harrison; Charlotte Sorrell, chairman of the BSU steering committee; Sam Reed, chairman of the BSU building committee; and Hall spoke at the service.
