

● 墨尔本候车亭

BUS SHELTER 索马里候车亭

SOMALIA

Somalia In 2012, the country was embargoed and started to develop again 100 years later, a Somali construction trading company found us. Over a period of 7 months, we offered a reasonable design to realize this aluminum-framed steel multi-bus stop, with more than 100 benches placed on the streets of the main cities.

## SIMPLE AND DELICATE

简单、精巧正是这款候车亭的时代名词。灯壳采用优化的造型设计，方便清洁且耐用性强。顶盖使用卡布连接经实际抗压测试。由于配件较少，所以主钢架选用3mm厚镀锌钢板，更为节省费用降低成本从而提升市场竞争力。

Simple construction and exquisite design are synonymous with this bus stop. The light box uses specially-made aluminum profile to inventory, which is easy to install and low in price. PC material is used as lighting that is portable and practical with strong impact resistance. 3mm thick galvanized steel tube is selected as the main steel structure because of the lightweight appearance, which can save and reduce the cost so as to enhance the competitiveness of the product.

## BUS SHELTER 悉尼市郊候车亭

# SUBURBS OF SYDNEY

The waiting booth is one of the quantitative upgrading projects in the suburbs of Sydney. Compared with the previous conventional installation, practicality and durability. After 16 epochs of follow-up and three times optimization of design, we finally become the only supplier to manufacture this batch project.

### All aluminum outdoor

#### 全铝户外候车亭

候车亭采用铝型材由铝管、铝管折弯而成。铝管通过铝板折弯，强度比钢型材更轻。铝管、铝板折弯比钢管更轻，且防腐性能更强。铝材本身电阻率比钢材更低，使候车亭更耐用。铝材本身电阻率比钢材更低，且防腐性能更强。

The main frame and light box structure of the bus shelter is made of aluminum tube, aluminum plate bending and welding. The top cover is covered with aluminum plate, the side plate runs through numerous drainage holes, it has certain privacy as well as certain perspective effect. The main frame and lamp box structure of the bus shelter is made of aluminum tube, aluminum plate bending and welding. Aluminum with electroplating powder has stronger adsorption force, so that the shelter is more durable. Lightweight assembly does not require foundation and welding, and is popular with

BUS SHELTER 莫桑比克候车亭

## MOZAMBIQUE

每次的成功都来之不易,此款候车亭由我们拿到客户图纸,并列出材料方案以及报价后,就没了下文。辗转4个业务员,长达半年的断续接触,最终有幸莫桑比克客户的实地验厂考察,项目团队构是很得到了客户的认可,最佳契机以绝对的优势拿下这70多套候车亭。

Every success not comes easily. When we got draft of the working booth from the customer, but after listing the materials and proposals and questions, there was no more feedback. For 4 salesmen, have a year's intermittent contact, finally welcomed Mozambique customers' field inspection. The Goose team had been recognized by customers. We finally took the absolute advantage of gaining the project of more than 70 sets of waiting booth.

## PRACTICALITY AND SOLAR ENERGY

实用+太阳能

这是一款客户需求量很大的候车亭,外观简单实用能长久保平安的设施,西小广告灯箱能为当地经济创造可观的广告推广收益,此款候车亭还配置了太阳能板,让无阳光发电的情况下还能给予灯具供电,既节能又环保。

This is a bus shelter which design drawing was previously customers. Simple and practical appearance is the eternal classic theme, four big advertising light boxes can create considerable (effective) metal revenue for the local government, the roofless equipped with solar panels which supply power to run the light box even the site without power supply, energy-saving and environmental protection.

## 走在前沿 的国色

## LEADING BUS SHELTER

2015年公司承接了国内几个大城市的公交站亭项目，而且国外市场发展的更加猛烈，客户都是向着国色的工艺、质量、效果慕名而来，公司建立了自己的产品特色、品牌质量！团队更加完善和强大。

With development of Guose manufacturing craft and advanced technical ability, we have cooperated with city government of bus shelter project, such as Dubai, Qatar, Australia, and etc. More and more clients go directly to our factory with their drawing to ask us manufacturing it.

DESIGNER 沙特阿拉伯巴士亭

## SAUDI ARABIA

该候车亭是沙特阿拉伯政府招标项目，我们与当地经销商有长期的合作关系，于最初阶段由专员跟进专机跟进当地规格，或根据量尺寸，并针对当地居民商量制作改善方案。在基础上可空间、空调、及材料和地面加以改良，使用此款候车亭更为实用，本国度有所提升，价值最为显著。

Location Riyadh, Saudi Arabia

It is Saudi Arabia bus shelter, the original bus shelter material is stainless steel with advertisement billboard and air conditioner. After details discussing with clients requirement and budget. We have manufactured a high quality with lower price for clients based on the galvanized steel material. To make it more useful no matter in craft or stability and advertising clear.

## MULTIFUNCTIONAL BUS SHELTER 深圳前海合作区候车亭 SHENZHEN, CHINA

我司承接深圳前海合作区全组所智慧候车亭。该候车亭由我司自主研发，经过十多个月的设计改动，最终制成如下配置。站内配有智能LED广告显示屏、自动报站系统、实时路况、一键报警系统等。

Location: Shenzhen city/ This is the Shenzhen city government project. The final bus shelter has been approved 10 months drawing design in every details and material. All material is aluminum and stainless steel to make a luxury smart and advanced bus shelter in Shenzhen city.

### 极简主义

## MINIMALISM

蓝色人造光源永远不会止步。此亭多变的几何造型由整体体现出现代美学。顶棚冲孔透光造型，将极简美感做到极致。整条卡位不留痕迹，哪怕是一个螺丝孔都不能遗漏。绝对清晰透亮。

With multiple intelligent features, it is equipped with intelligent LED advertising display screen, automatic roofing station system, real-time monitoring one-click alarm system and so on. It looks perfect in the ceiling lighting and ARC bending, especially the viewing at night, what a wonderful and art bus shelter.

BUS SHELTER 迪拜候车亭

## DUBAI

这是一个挑战全球地标项目，候车亭追求高品质材料，精工细作，尽管在招标和询价方面竞争激烈，经过一年半的商讨和展示样品后，我们荣幸地被客户部重新选中了这个项目。

Location: Dubai city, UAE

This is the LMC whole country tender project. The whole bus shelter was strictly in specified material and high quality. It takes a intense competition in tender and manufacturing. After one and half of year discussion and sample manufacturing show, we got this project from the final clients.

匠造候车亭

## PURSUIT OF PERFECTION

做样品花了一个月的时间，我们倾注大量的资金打造出此款候车亭的1:1模型样品表，外观为金属质感，使其看起来更完美，并且有一个团队专注于此款候车亭的建造，它是在2019年获得了六项订单。

It costed one month in sample-making. We costed higher price to open aluminum shape mold to make it looks perfect. All casting aluminum by automatic machine and has one team to focus on this bus shelter. It make us to get a 70 kwh order on 2019.

## MULTIPURPOSE BUS SHELTER

# QATAR 卡塔尔多功能亭

2018年我司由阿曼巴巴国际机场拿下这款迷你候车亭的批量订单。卡塔尔属热带沙漠气候，炎热干燥。此款候车亭属于为该国量身定做，应客户需求，亭不用太大，但功能要齐全，且材料都要有指定供应商及有国际认证。我司耗时3周的时间，研发并购置物料，力求小空间发挥大作用。小巧精干的它，配置自动门、空调、灯箱、太阳能板、摄像头等，精湛的工艺更使得客户再次批量订单。

In 2018, our company won the batch list of this mini bus shelter from Albaba International Station. Qatar is a tropical desert climate, hot and dry. This bus shelter is a tailor-made for the country. The booth is not too big, but the function is complete, and the materials must have designated suppliers and international certification. It took 3 weeks to develop and purchase materials, so that small space can play a big role. It is small and compact. It is equipped with automatic door, air conditioners, light boxes, solar panels, cameras, etc. The superb craftsmanship is also obtained by customers and they prefer to order batches again.

## SPAIN 西班牙吸烟亭

西班牙的“禁烟令”算得上是欧洲最严格的，违反者将会被处以至少300欧元至60万欧元的巨额罚款。2017年马德里议会巴内西亚一位顾客的请求，正是有要求，该亭极为安全，可复制性强，容易维护，此亭放置的位置都在人流量大的公共场所，经过相互探讨后，新加坡决定采用全铝型材制作该亭。

Spain's "smoking ban" is considered to be the harshest in Europe, and violators will be punished by a huge fine of at least 30 euros and up to 600,000 euros. In 2017, our company received an enquiry from a customer in Valencia. At the request of the customer, the kiosk should be easy to install, reproducible and easy to maintain. The pavilion is placed in a crowded public place and discussed with each other. After that, the R&D department recommended the use of all-aluminum profiles for quantity

## QUICK 安装快捷

### INSTALLATION

超过90%的材质都由铝型材制成，经过打样只需一天安装下来2小时即可，且价格美丽。经过贵国领导客户非常满意，最终促成了这次批量订单。

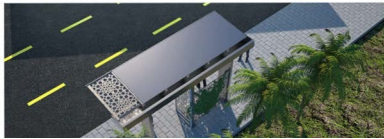

More than 90% of the materials are made of aluminum profiles, which can be installed in a complete set for 2 hours, and the price is affordable. After checking the sample, the customer was very satisfied and finally contributed to the bulk order.
