Our College Planning Curriculum

Student and Parent Interviews

GETTING TO KNOW YOU

We share information, outline responsibilities, get to know each other you, and review such things as high school courses/grades earned, test scores, activities, and academic and extracurricular interests.

College Research and Selection

"SEARCHING FOR COLLEGE, NOT HEAVEN"

We guide you through a detailed college selection survey to better understand your college preferences. Your list is based on an assessment of your strengths, interests, needs, and wants so we can recommend colleges that will best allow you to grow, maximize your talents, and pursue your desired career path.

Advice on College Visits

GETTING TO KNOW THE COLLEGES - VIRTUALLY OR IN-PERSON

College visits are the best way to assess the academic environment, extracurricular options, and overall feel of the school.

Application and Essay Strategy

PUT YOUR 'BEST SELF' FORWARD

We keep you organized and make a plan for all of the different components – applications, supplements, letters of recommendation, essays, standardized testing, and possible resume – that will make up your individual application strategy.

Select the Right College for You

DESTINATION COLLEGE DECISION

We will review the responses you've received from your colleges and help you determine your final destination – where you will attend college next year. We provide guidance on how to successfully transition to college.
