

SALT STAINS?

Canadian winters are harsh. Don't let the salt eat away at your carpet and deteriorate the material. Book now

Not all salt is good salt. Road salt is the worst. It will eat through your carpet, leaving behind damage and a whole other mess. It also just looks ugly.

Do not leave the salt for “later” or tell yourself “it doesn't bother me”. Visit our booking platform and let the professionals at Gurm's Garage save your carpet.
