

HC – 01

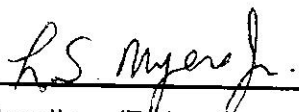

Proposed Rule Change for the shoot year 2022 concerning resolution of a tie by carry over. Add the following paragraph to the "TIES" section on page 17 of the 2021-2022 Official P.I.T.A. Rule Book.

(Insert this paragraph after the first existing paragraph.)

Carry overs to resolve ties will be sores by sub event of a subsequent like event. In Singles and Handicap events the sub event is 25 targets. In Doubles a sub event is 50 targets. Only if agreed to by ALL shooters can a carryover scoring or type of subsequent event be modified.

Reason for proposed change:

1. Documents past practice.
2. Eliminates changes without all agreeing.
3. Fair for everyone.
4. Allows the shooters to decide.
