

MARGOTHEADS

ETHICAL WEAR

**FALL WINTER
2023/2024**

Margothreads is a new ethical and sustainable brand, crafted entirely in Italy.

At Margothreads, we believe in creating beautiful pieces that are not only luxurious but also respect the environment and the people involved in their creation.

We are ***committed to sustainability and minimizing waste*** in our production process.

We work with ***artisans in Italy*** who bring their expertise and artisan skills to each piece of the collection, creating a unique blend of tradition and innovation.

For our debut collection, ***Fall/Winter 2023/24***, we curated a selection of garments using only the finest and sustainable materials, such as ***merino wool, cashmere and recycled cashmere***.

We design our garments and accessories to be versatile and adaptable to your lifestyle, so you can express yourself in whatever way suits you best.

We believe in the inclusion of all sizes and design our clothes to adapt to you, not the other way around.

Our collections are designed and produced in limited quantities, making each piece unique and exclusive.

Join us on our journey as we strive to create a sustainable and ethical fashion future.

We invite you to be part of the Margothreads family and share our values of sustainability, tradition, versatility, inclusivity, exclusivity, and timelessness.
