When do consumers spend the most amount of money--When they move into a new house or apartment. Why? They are looking to refurnish or decorate their new place, with a good percentage of this shopping being done within the first 6 months. The file is updated weekly and the counts are healthy. Catalog, credit, home improvement offers are just a few that would work well with this file. Selects include, but are not limited to, Purchase Date, Purchase Amount, Mortgage Amount, and Down Payment Amount. A-Plus Media Group CASS certifies all of its records to ensure accuracy.
