

ABOUT THE LANDSCAPE HORTICULTURE CERTIFICATION PROGRAM (LHCP)

The LHCP offers industry professionals a means to articulate their skills and prove their competence to operate according to industry standards. Online delivery enables candidates to take their hands-on practical and written tests at their own convenient time and place.

Watch the LHCP introductory video and review the **Seven Steps to Get Certified** to learn more about the certification process.

ADVANCE YOUR
landscape horticulture
career and business...
Get Certified!

Use the QR code to complete a short survey if you are interested in attending an Onsite Atlantic Region Certification Test and if you want to receive certification updates in the monthly CNLA E-news.

Certified members' feedback on the Benefits of Certification are outlined in this **infographic**.

Take advantage of the limited-time, \$100 member savings to register for the Certified Landscape Horticulturist Technician (CLHT) and Manager (CLHM) exams. Rather than pay \$400 to register for one CLHT module and \$325 to register for the CLHM exams, members will pay \$300 and \$225 respectively.

For more information visit:
