

Are you interested in pursuing landscape horticulture as a career?

There may be an opportunity for you to do this at very little personal expense.

1. Ask your employer if they will support your journey.
2. Ask your local apprenticeship office if you have enough hours to progress through the training blocks.
3. Be available for block training (blocks are 5 to 8 weeks long) in Sussex during the months of Jan, Feb, Mar.
4. For more information on the Red Seal program visit https://www2.gnb.ca/content/gnb/en/services/services_renderer.201183.Landscape-Horticulturist - Apprenticeship and Occupational Certification .html

5. Questions? email Jim at LNB@nbnet.nb.ca
