

UST & AST Systems Annual O&M; Pricing

MONTHLY UST COMPLIANCE CHECK-INS

\$185 per tank / month

Routine inspection of spill buckets, sumps, containment, ATG status, alarms, and visual condition checks. Documentation included.

ATG MONITORING & ALARM REVIEW

\$95 per tank / month

Review of ATG reports, alarm history, leak detection status, and operator notification support.

SPILL BUCKET & SUMP INSPECTIONS

\$225 per tank

Inspection of spill buckets, under-dispenser containment, and tank-top sumps for integrity and liquid presence.

LINE & LEAK DETECTOR TESTING

\$325 per line

Functional testing of automatic line leak detectors and associated piping systems with documentation.

CATHODIC PROTECTION TESTING

\$475 per tank

Testing of sacrificial or impressed current cathodic protection systems with compliance reporting.

FULL UST ANNUAL PACKAGE (EXAMPLE)

Annual Example Cost: \$3,250 per tank

12 monthly compliance check-ins, ATG monitoring, annual spill bucket & sump inspection, CP testing, and recordkeeping support.

AST SYSTEMS – EMERGENCY RESPONSE

\$1,750 per event (after hours)

Emergency response for aboveground storage tank alarms, overfill events, leaks, or releases. No charge during normal operating hours (6 AM – 9 PM, Monday–Friday).

AST INSPECTIONS & CONDITION ASSESSMENTS

\$295 per tank

Visual inspection of ASTs, secondary containment, piping, valves, and supports with condition documentation.

AST SPILL RESPONSE & MITIGATION SUPPORT

\$325 per hour (2-hour minimum)

Spill control, absorbent deployment, temporary containment, and coordination with regulatory agencies if required.

AST RECORDKEEPING & REGULATORY SUPPORT

\$175 per site / month

Inspection logs, compliance documentation, agency correspondence support, and operator record maintenance.
