

ABCrosby & Company, Inc.

OEM Products Division

Building on a 260 Year Tradition

OEM Products & Services

ABCrosby OEM Products Division is the supplier of choice by both large and small manufacturers and fabricators when outsourcing their laminate, veneer and wood components for their products. ABCrosby manufactures high quality products built to your specifications when you need them.

We have the equipment, processes, and skilled craftsmanship to deliver consistent high quality on time and on budget. We have the capacity and flexibility to manufacture both high and low volume orders at competitive pricing and with expedited delivery for time-sensitive projects. Whether edgebanding, finishing, cutting panels, or gluing veneer or laminate sheets or delivering ready-to-assemble components or complete furniture sets, we deliver your design.

Call us for a quote or to discuss your needs. If you have a special requirement or idea, we can work with you.

Panel Components

ABCrosby manufactures high quality products for furniture manufacturers, fabricators, and other companies. Whether you need panels to be glued up or cut to size for you to finish or you need ready-to-assemble components, we can cost effectively produce the components you need in the time-frame you need them

Laminate Products

We specialize in high pressure laminate products edged with laminate, wood, t-mold, or PVC tape. We can work with any laminate as well as specialty materials including sheet metal, rubber sheets, and vinyl on a variety of core materials from particle board, MDF, plywood, to metal.

Solid Wood Products

We produce solid wood plank and butcher-block tops and panels in variety of sizes, shapes, and wood species. We use preferred select lumber and never have finger joints in our tops. We stain the wood per customer specifications and finish with two coats of conversion varnish.

Veneer Wood Products:

We manufacture wood veneer panels in a variety of sizes, shapes, wood species and grades to meet your needs. Our standard veneers are Maple and Red Oak, but we also work with other veneers as specified by our customers.

Solid Surface Products

ABCrosby is an experienced solid surface fabricator. We produce table tops and other products using a variety of solid surface materials.

Counters & Workbench Tops

Work Surface with a Waterfall Edge

Industrial Top with a Full Bullnose

Industrial Grade Manufacturer

A Fortune 50 manufacturer of high quality work benches and shelves was looking for a vendor to build their work bench tops to their rigorous specifications with a one week turnaround. ABCrosby stepped up and made it happen. ABCrosby is now this customer's sole source for laminated tops and shelves as well as particle board cores for their metal wrap benches.

Their Laminated Table Top Expert

A high-quality manufacturer of solid wood home furnishings was extending its dining room furnishing line to include laminated dining room tables. The company wanted to work a company with expertise in manufacturing laminated tops and that shared their passion for delivering high quality product and service to every customer every time.

After an extensive evaluation process, the manufacturer chose the OEM Products Division to produce their laminate dining room table tops, which include 8 different styles of tops with 5 different laminates.

Outsourced Production Team

A large millwork firm needed production support to meet their deadlines. They were looking for a company to supplement their production capabilities by providing a number of services including gluing up laminate panels, cutting panels to size, edgbanding panels and spray finishing veneer and wood components. Moreover they needed fast turnaround and high quality.

They turned to ABCrosby. With our experienced production team, we can often turn around jobs within 24 hours of receipt of the materials. We offer this customer the flexibility, quality focus and customer care they demand for their customers.

Because of our timeliness, flexibility, high quality and customer focus, the OEM Products Division has become their go-to outsourced production team.

260 YEARS OF NEW ENGLAND QUALITY AND VALUE

ABCrosby & Company, Inc. brings more than 260 years of New England quality and value to the custom furniture industry.

Starting with Jesse Crosby, Sr. in the 1750's, the Crosby family have been building high quality work boats for local Cape Cod fisherman and yachts for wealthy sailors up and down the east coast of the U.S. Andrew Crosby grew up around the boatyards and learned the family values of delivering high quality products with high quality customer care. He brings these values to the contract furniture industry.

Our products, which range from industrial work tops to restaurant table tops, table bases and chairs to 3 complete line of contract furniture, feature quality New England craftsmanship and are aesthetically pleasing as well as highly functional.

We build to your design.... Our products are designed to be highly customizable. Moreover, we manufacture your designs in the quantities you need.

We are your custom component manufacturer.
