THE CONCEPT MEDIA GROUP

Sherilyn Jones born in Dallas, Tx. On August 7 is a Cartoon Artist, Graphic Designer, and Owner of The Concept Media Group. She has been recognized by AT&T's Bridge Lifestyle & Technology, DFW Elite News and Episcopal Diocese of Dallas as an up & coming cartoonist.

J'ones

Sherilyn's cartoon production **J'ones** best known for the comic series '**Can't Keep Up With The Joneses**' and the children's book titled '**Created To Be**'. The brand has a product line of children's books, t-shirts, and greeting cards. Just released on March 2019 is the 1st J'ones comic book titled '**2 Minute Warning**'. In this book, J'ones starts the afternoon walking the streets of downtown Dallas while waiting on the neighborhood bully to make an appearance as usual, but this time they have plans on putting an end to the challenges they face. They do this by utilizing their playbook and the power of faith. Receiving help from team mates, they launch a plan to escape the evil Gitbad, but when that fails, J1ones is forced to go battle on the football field for the win. On the field and off, life couldn't get anymore challenging. It will take teamwork, faith, and trusting each other to win before it's too late. This is the final stretch and they are entering the 2 minute warning!

Professional Life

Sherilyn has been a cartoon artist since she was a child and developed her drawing style throughout the 80s and 90s. In 2001 she attended The Art Institute of Dallas where she majored in Applied Arts. After struggling to land a Fulltime job in a field that would allow the use of her skills, she began working as a freelance artist. Sherilyn developed a name for herself while designing and performing in the Dallas Hip Hop scene. By 2008 she put her music career on the back burner and in 2009 she developed The Concept Media Group. Her company brand allowed her to create cartoon illustrations and design elements that she used to help others that needed creative assistance. Shortly after The Concept Media Group was established, she created the comic series '**Can't Keep Up With The Joneses**' and rebranded the name to '**J'ones**' in 2018 while keeping the original name as the title of the comic book series.

Sherilyn has also created artwork for the NBA Dallas Mavericks that was a fan feature comic strip titled '**Lil Mavs**' published on their social media sites in 2012. Other cartoons that have been published include '**Fridge Kids Club**'. This cartoon brand started out as a t-shirt clothing line that she created and is on the list of one of the projects in the making. Among other achievements, Sherilyn has worked with the teen rap artist King Roscoe who appeared on the Lifetime TV show *The Rap Game*. His album *No L's Round Here* was a hiphop project Sherilyn illustrated. Sherilyn is also a Design Vendor for Real Estate company Ebby Halliday Realtor's. Sherilyn says, "Seeing the smile on clients faces knowing she is using my God given talent for the right reasons is why my passion for creating grows every project."
