

A full-page background image showing a sunset over a body of water. The sun is a bright orange circle on the right horizon, casting a reflection on the water. The sky transitions from a deep orange near the horizon to a dark blue at the top. Several white, diagonal streaks, resembling comet trails or satellite paths, are scattered across the sky. The horizon line is dark, with silhouettes of distant land and structures visible.

Why use Tina for my travel?

★★★★★ Always The Most Knowledgeable Travel Expert! St Louis, MO

Tina is my go-to person for all of my travel needs worldwide. Her expertise and experience are outstanding.

★★★★★ Rhine River Cruise, Janeen

"Tina was great. She helped us plan our entire trip including airfare and hotel reservations. She is very knowledgeable about European travel and very personable and easy to work with. She provided great customer service and made planning our dream trip very easy.

★★★★★ She always goes above and beyond, David D

My wife and I travel at least three times a year, and Tina surprises us with perks we weren't aware of. Tina does all the scut work for us, and it shows that she loves her work. She does more than other agents we have in the past. Can't recommend any higher.

★★★★★ BEST Experience, Paul L

I have been traveling (both domestic and abroad) extensively for 50 plus years and I have NEVER had a better experience with a travel agent. Tina Allen will be our family and friends travel agent forever. She is knowledgeable, friendly and considerate of our needs. I am only sorry that I found Tina Allen in my "golden" years but, I definitely recommend her to anyone that is planning a trip.
