

# BRAVING LEADERSHIP PROGRAM

## LIVING LEADERSHIP VALUES THROUGH I CARE.

Leaders are under enormous pressure and ongoing stress, for many taking great courage to show up each day.

"How am I going to have that tough conversation, why don't they respect me, I can't do it all, my people are struggling, really... another one to performance manage!"

All the while having to ask their team to do more with less while bearing the burden of ever increasing demands and priorities coming in from all directions.

**As leaders struggle, so too do their people.**

Organisations have a duty of care to ensure that those promoted into leadership are given the appropriate training, tools and the guidance to build teams that trust, respect and care for each other. Thereby ensuring ongoing high performance, mental health and motivation within their teams.

**LEADERSHIP IS A DECISION AND A RESPONSIBILITY...  
NOT JUST A TITLE AND A PAY RISE...**

*"Mark was absolutely awesome! We all thoroughly enjoyed the training and general experience. It was uplifting, emotional and powerful. Others have said it was the most worthwhile PD they have ever experienced. Coming from harsh critics in this place, this is a fabulous endorsement of Mark and his program."*
