Local massage therapist Helen Wu plans to soon open a new wellness and massage center in West Linn.

Located at 19064 Willamette Drive, Suite B, OM Massage will bring “time-honored wisdom of Eastern healing to the West Linn community” when it opens April 15, according to a news release.

In addition to massage, OM will offer foot reflexology, cupping, acupuncture and herbal remedies.

“We created OM Massage to be a place where healing happens naturally and without compromise,” Wu said in the press release. “Our space is family-friendly, fully professional, and dedicated to the physical, emotional, and energetic well-being of our clients. There are no ‘extras’ here—just authentic care.”

The business’s website states that “OM” symbolizes peace, harmony and balance in many cultures but also stands for “only massage” in accordance with OM Massage’s “commitment to offering ethical, professional, and respectful wellness services.”
