

# FínLitx

FINANCIAL LITERACY FOR A DIGITAL WORLD

ethereum

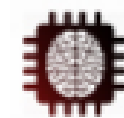

The **only app** that teaches **financial literacy** without a human monitor.

# What is FinLitX?

FinLitX is an autonomous app that teaches financial literacy without the need for human monitors:

Autonomous Learning with A.I., Gamification, & Blockchain

Partner with over 100K University Students

Partner with 137,000 Schools

Potential 10X ROI in just 36 months

We want to create a sustainable solution for the global problem that's directly linked to poverty, mental health problems, obesity, increased crime, and prison populations, and even worsening mortality.

# What Problem Does Finlityx Solve?

The next decade will see an additional **350 million** post-secondary graduates and nearly **800 million more K12 graduates** than today. The inability to provide adequate educational outlets leads to:

**Negative impacts on mental health**

**Increased crime and prison populations**

**Lower quality of life, and higher mortality**

# How Do We Solve This Problem Uniquely?

Our advanced AI identifies the players vulnerability through machine learning.

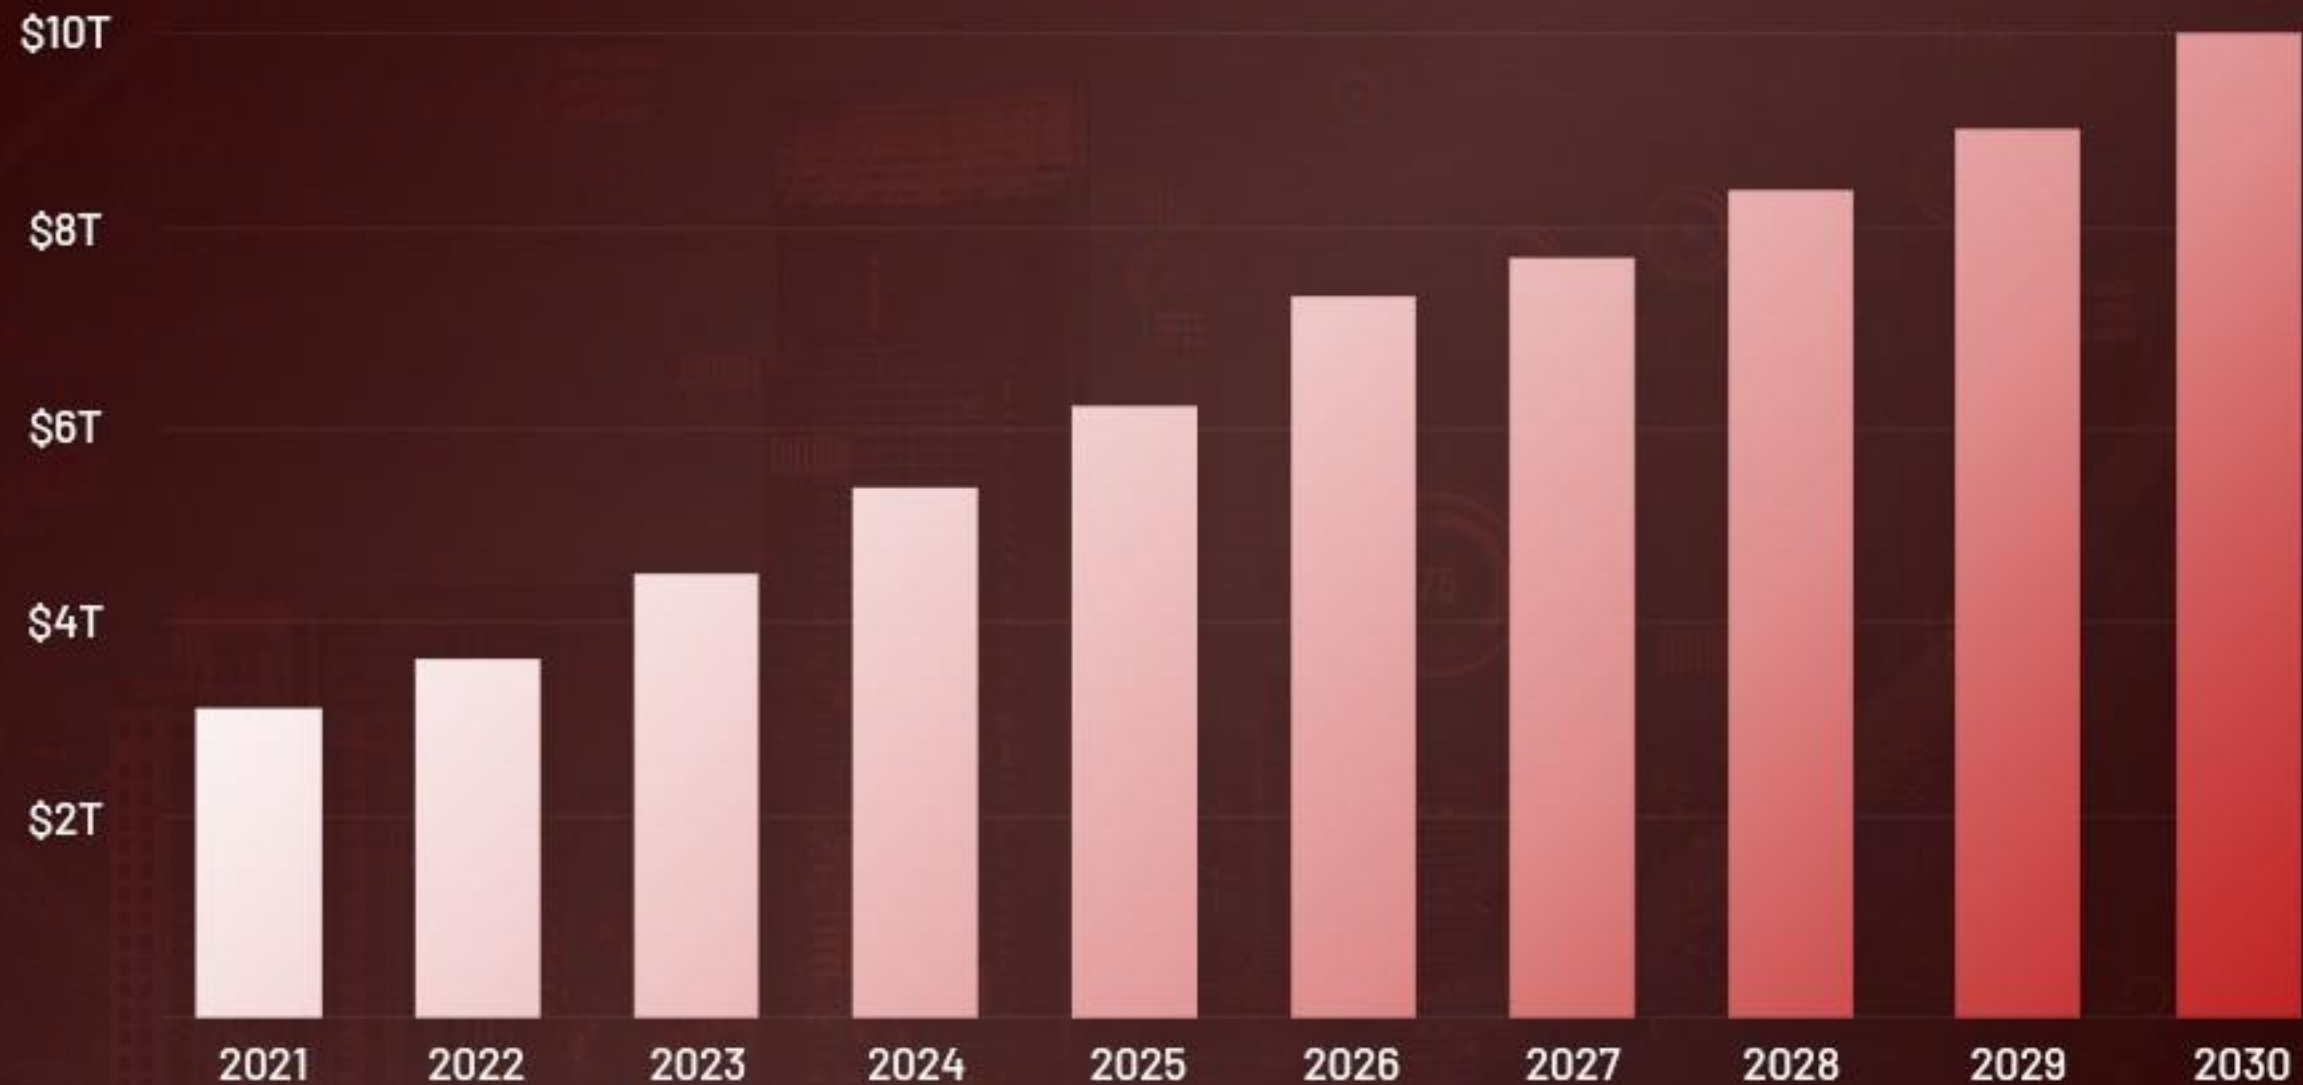

Instilling positive reinforcement through the combination of virtual reality, repetition, competition and rewards, which leads to better grades, better self-esteem, and higher net worth.

Providing cutting-edge online financial literacy courses to consumers and school systems.

# Total Addressable Market

The global education market is set to reach at least **\$10T by 2030**, growing at a **CAGR of 20.3% from 2021-2030**.

# How Do We Tap Into This Market?

The FinlitX platform is designed to scale and service the global market, **it's a low-risk investment** based upon our existing committed clientele

Offers an early **exit potential**, in as little as **18 months**.

Potential **10x ROI** in **36 months**.

# Why Now?

**CAGR of 20.3%** from 2021-2030.

The global education market is set to reach at least **\$10T by 2030**

The world needs to add **1.5 million teachers per year on average**, approaching **100 million in total** in order to keep pace with the unprecedented changes ahead in education around the world.
