

THE NEW DIGITAL LEARNING PLAYBOOK: Mobile Learning

Today's K-12 students tap into a wide range of mobile devices to enhance learning—both in and out of school. Principals, parents and teachers support this mobile learning trend by recognizing the benefits of increased access allowing students to learn anytime, anywhere. See how mobile devices enable new and customized learning that is un-lathered and digitally-rich.

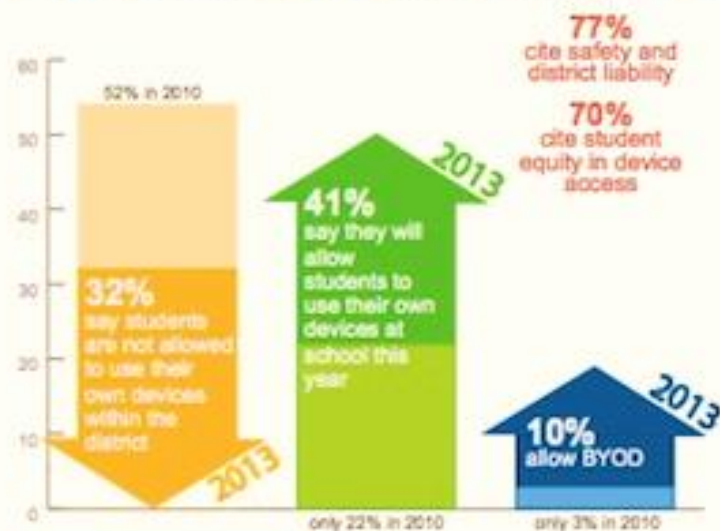

Student Mobile Device Access

School Provided Tablets or Laptops

Principals Embrace BYOD, But Important Concerns Remain

BYOD = Bring Your Own Device
