Single Family Home Williams, CA

Virginia Street, Williams, CA 95987

This single-story residence consists of four bedrooms, two bathrooms, and a two-car garage. The home includes an activity room, dining room and living room. The residence is built with wood-frame construction upon a combination raised and concrete slab foundation. The residence has stucco exterior walls with brick accents. The roof has composite asphalt shingles. The house includes 2,468 square feet of conditioned space and 1,117 square feet of enclosed unconditioned space for a total of 3,585 SF with a 660 square foot garage. The property has direct access to Virginia Street.

Location:	The single-family home is in the City of Williams. The property fronts on Virginia Street just north of E Street in the City of Williams.
Interior Overview:	The residence has carpet, hardwood, and tile flooring. The kitchen features a stainless steel two-bay sink, quartz granite countertops, and an electric powered range. The majority of the interior walls are hand-textured sheetrock; however, there are portions of brick and finished oak accents throughout the dining/kitchen activity room.
