

NEW GENEARTION ECG

A company By Medical Professionals

Accurate, Reliable Noise free Trace

7 inch Full touch screen helps to monitor before taking report

Product Specifications

Features:	 Compact in size, easy and one touch operation, portable 				
	 Accurate pace pulse identification and automatic analysis function 				
	Four working modes Manual/Auto/R-R Analysis & Storage				
	12leads simulation waveforms display				
	7.0 inch color touch screen				
	80/110mm, single Three or Six channel format recording				
	Built-in USB, RS232 interface				
	Built in Long life Thermal printer				
	Built -in rechargeable Ni-MII batterye				
	PC Software (Optional)				
Technical Specification	Lead Standard 12 Leads				
	• Paper speed 6.25, 12.5, 25, 50mm/s				
	• Recording Format - 1, 3, 3+R, 3+2R, Maual				
	Sensitivity - Auto, 5, 10, 20				
	Filtre - AC, HUM, EMG, Drift, Anti Noise				
	• CMRR > 120				
	Data Storage - 300 in U disk, Exppandable with SD Card or USB				
	Review and Re print of Report				
	Adapt to 110-230V, 50/60Hz Ac Power supply,[Freeze] Function				
	Dimension/Weight 300mx320mmx75mm / 2.8kg
