

# FIRST RESPONDER TRAUMA COUNSELORS

FIRE • LAW ENFORCEMENT • EMS

911TouchPoint® assigns **Culturally Competent Clinicians** to First Responders who have the courage to take steps towards healing. These professionals understand how the First Responder **FEELS**, because they have **FELT** the same way, and in doing so are able to share what they have **FOUND**, aiding in the path to progress.

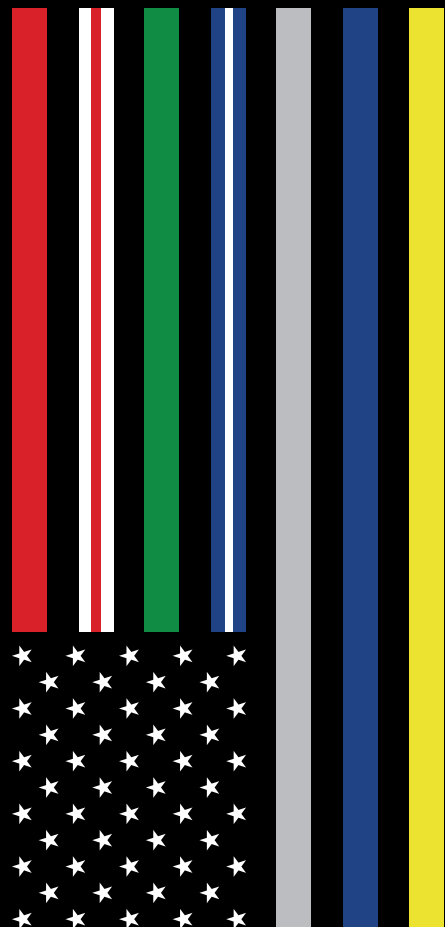

911TouchPoint® Counselors along with our **FIRST RESPONDER MEDCARE** staff, will assist our First Responders to become empowered to return to their normal lives and careers, "**stronger and smarter**".

We get it!
