

Product Specifications

2000L-S2

Due to the variable shrinkage rate of polyethylene, the product dimensions and capacities listed here are approximate. Naturally occurring pigment variations in raw materials may also cause some variability in colour shades. While we are trying to come as close to the advertised shades as possible, we are unable to guarantee exact tank colour matches. Due to ongoing improvement and innovation, product details, design and specifications are subject to change without notice.

Model/Size	:	TT2000
Capacity	:	2000 Litres (440 gallons)
Material	:	Polyethylene (LDPE)
Material Grade	:	UV Stabilized, Food Grade
Length	:	2400mm
Width	:	470mm
Height	:	1970mm
Weight	:	135kg (empty)
Shape	:	Modular/Slim
No. of Inlets	:	2 x 300mm (L&R)
Fittings inc.	:	25mm ball valve, 300mm inlet strainer, 90mm overflow flange
No. of Plugs	:	60

Product Suitability

The product recommendations used in this brochure are intended only as a guide. While we make every effort to accurately represent the suitability of our products for a variety of uses, every situation may be unique and require additional investigation when necessary. Thintanks holds the right to change equipment and product accessories in line with ongoing developments and product supply.
