c/o Tim Ray, President

Re: Cheatham County Lady Cubs of 1990-1991

Thanks to all of you for the opportunity to serve as your volunteer attorney. At the moment, my main duty is to maintain the state annual reports for your nonprofit corporation – not too difficult or time consuming. But I am always here in case you need me.

It is my honor to present to you the Lady Cubs of 1990-1991 for “first ballot” consideration for induction into the Hall of Fame. This was my senior year, and I was mascot Cubby, performing courtside as this team won 33 games and became the first team in school history to win a state tournament game.

Though not required for nomination, we decided to meet for a “history interview” and to create an article in support of the nomination. Jimmy Harden corralled four players and head coach Phil Carr for our gathering at Flytes Brewhouse in Pleasant View on January 22, 2023. This was a great time for everyone and a fun glance back at a phenomenal year in Cheatham County sports history.

The season results, box scores from the two state tournament games, and team roster are enclosed. You can also head for the following URL to read the article and aforementioned records:

Thank you kindly for your consideration and service to the county we call home. Best regards to all of you.
