ABOUT US

United Prime Fed Solutions is a veteran-owned small business providing a broad array of services to government, industrial, and commercial clients. Our expertise spans telecommunications, machinery rental, real estate, and IT services. We are committed to delivering high-quality, reliable solutions, leveraging strategic partnerships and industry expertise to meet and exceed client expectations.

COMPANY BACKGROUND

United Prime Fed Solutions is established as a veteran-owned small business that is dedicated to providing a diverse range of high-quality services to government, industrial, and commercial clients. Established with a commitment to excellence and reliability, we specialize in telecommunications, machinery rental, real estate, and IT services.

Our team leverages extensive industry knowledge and strategic partnerships to deliver tailored solutions that meet the unique needs of each client.

With a foundation rooted in the discipline and values gained from military service, United Prime Fed Solutions approaches every project with integrity, precision, and a mission-first attitude.
