Dear Amazing Project SEEK Supporter,

I hope this letter finds you so well. We are reaching out to you with great excitement as Project SEEK and McGaugh Elementary gear up for end-of-year giving!

Your support is not only an investment in the success of our foundation, but also in the education and enrichment of the young minds at McGaugh Elementary. Project SEEK has existed at our school since 1993 with the sole purpose of raising the money each year to pay for the salary and supplies of our Art and STEM teachers. The funds we raise will directly benefit each and every student, each and every week, as they participate in these two classes that would not exist without Project SEEK and this type of generous community support.

If you are unable to contribute financially at the moment, you could also consider donating an item for our end-of-year gala fundraiser! We kindly request items such as gift certificates, merchandise, experiences or services. Your donation will be prominently displayed, showcased on our auction website and advertised via our social media accounts, ensuring visibility among our supportive community.

To coordinate the logistics of your contribution, please feel free to contact me, Katherine Lasker, at 8479773326 or [katherine.lasker@gmail.com](mailto:katherine.lasker@gmail.com). Please return your response at your earliest convenience so that we are able to publicize your contributions to their fullest and include you in all of the promotion of our sponsors and donors.

We truly appreciate you considering our request and hope we can work together to make McGaugh Elementary School's Art and STEM programs a remarkable success.

Thank you for your consideration and generosity.

Sincerely,

Katherine Lasker  
President, Project Seek
