## School Accountability Report Card

### Reported Using Data from the 2018-19 School Year

#### Published During 2019-20

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## School Description and Mission Statement (School Year 2019-20)

We are the country’s first Transitional K - 8 Grade Intercultural Public Waldorf School. We are a Standards-Aligned, Equity-Focused Charter. Oakland Community Organizations is our founding and key partner.

Our Vision Is:

The Community School for Creative Education envisions a future in which: all children have access to quality education; all children experience success in community and career; and youth voices contribute in valued and meaningful ways to the success of an thriving, equitable, and multi-cultural society.

Our Mission Is:

To achieve our vision, the Community School for Creative Education is a TK through 8th grade charter school that partners with families and communities to serve the richly diverse students of Oakland, California. The school is committed to promoting equity in education by providing a rigorous, standards-based academic program integrated into a culturally rich, arts-infused curriculum and guided by ongoing assessment. Through nurturing the whole child – head, heart, and hands – our school prepares o culturally competent, o well-rounded, o lifelong learners and leaders to be college-ready, confident and culturally competent, and prepared to lead, contribute to, and successfully participate in our rapidly changing multicultural society.

CSCE Mission and “What Do We Stand For”

Our Mission is inspired by the Rudolf Steiner Waldorf methodology to partner with families and communities to provide a rigorous, highly personalized, college preparatory program integrated into a culturally rich, arts-infused curriculum for the diverse students of Oakland to promote equity and prepare culturally competent, ell-rounded lifelong learners to lead, contribute to and successfully participate in our rapidly changing, multicultural society Community School for Creative Education.

The School Rests On Three Pillars:

We commit to:

- Provide a Common-Core -aligned curriculum
- Be inspired by Waldorf principles
- Stay focused on Equity & create change in our society’s structure by helping all children to succeed in school and in life.

These pillars provide the school's foundation and direction.

We commit to knitting these together as a professional learning community continuously refining and reflecting on data as we go. We Recognize Learning to Read as a Key Portal on the Path: We recognize: Learning to read well is the cornerstone of creating equitable outcomes for our children. We do it through integration of:

- Direct and systematic phonics instruction, close reading, guided reading, shared reading and interactive reading in Reader’s and Writer’s workshop (see Renewal, p 20);
- Core Waldorf practices: Teaching through the artistic; employing main lesson; main lesson book; reinforcement through subjects. (CSCE Renewal, p. 20 & p.25) We follow cutting-edge learning theory by drawing from Waldorf practices in our lesson design which moves from whole (the story) to part (direct instruction) and back to whole (the artistic activity).

We Aim To Be Preventive Rather Than Reactive: The aim of CSCE is to focus on prevention, intervention and acceleration of all students. To achieve this goal, we are committed to create a process similar to Response to Intervention (RTI) and Positive Behavior Interventions and Supports (PBIS) that together provide staff a routine systematic way to identify students in need early on so they can be provided with appropriate interventions.

Our Accountability is To Ourselves: We commit to conducting ongoing inquiry together around focus areas, collecting data and reflecting on outcomes (Cycle of Inquiry). By inquiring and assessing frequently, regularly and using multiple measures (CSCE Renewal, p. 52-59) we learn how to do our work better. We engage multiple modalities and interdisciplinary curriculum drawing from Waldorf.

Our goal is to: Meet Common-Core Standards: 80% of 5th graders and beyond will meet or exceed standards in both English Language Arts and Math.

Specifically, in reading, our target is:

- by end of first grade, a fluency rate of 60 words per minute
- by end of third grade, a fluency rate of 110 words per minute
- by end of fifth grade , a fluency rate of 140 words per minutes (see Renewal, pp. 27-28)

Do that and more: Develop life-long leaders by harnessing Waldorf inspired methods

Do that for all: Both those who are "school dependent" and those who are not

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in ELA and Mathematics for All Students

#### Grades Three through Eight and Grade Eleven

#### Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
English Language Arts/Literacy (grades 3-8 and 11)	30	24	43	45	50	50
Mathematics (grades 3-8 and 11)	22	18	35	36	38	39

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### CAASPP Test Results in ELA by Student Group

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Furthermore, through evaluations of data over time the teachers have adopted school wide norms and strategies to support our ELL population.

Teachers are also provided release time to attend conferences and trainings offsite.
