

Be The C.R.A.S.H.

Our Health Freedoms are quietly being stolen from us! In this "Land of the Free" the system is slowly eroding our liberties under the guise of security and public health. We have lost our right to exercise our liberties. This must stop!

Many groups advocate for health care freedoms & liberties. These groups represent their own unique concerns. Each group alone is too small to effect massive change.

BeTheCRASH.org is the vehicle that will unite all allied groups and partners as one powerful community. We are here to amplify the voice each organization has!!
