

Feel dead.

Look alive.

proaaaaaaktiv®

The number one skin care system for the American Undead.

Millions of flesh-eaters have discovered our secret to fresher-looking, less maggot-riddled skin. Zombie dermatologists recommend Proaaaaaaktiv® Solution to their brain-hungry patients, and *Elle* for Zombies recently awarded us its Rot Fighter of the Year award.

Why? Simply because Proaaaaaaktiv® Solution works. Our unique blend of tea tree oil, lard extract and lye exfoliates long-dead tissue, clears up pesky rat bites and allows for the easy scraping-away of festering, greenish skin-flaps. So try Proaaaaaaktiv® Solution today — with continued use, your flesh will come back to life — even though you can't!
